**About Jewels Under The Kilt** - Founder, Elisabeth Burrow and her husband moved to Fergus, Ontario in 2010 to a 95 acre farm. They came upon Green Barn nursery, that specialized in trees that were adapted to cold hardy climates. Elisabeth and her husband, with the help of the local nursery, planted a variety of 100 fruit and nut trees and each year continue to add to the orchard. The company has developed a roasting process using the last tapping of a maple tree to preserve the nut during roasting. They use fresh fruits including apples, pumpkin, pears and peaches and roast them on the nuts, making Jewels Under The Kilt a truly unique Artisan Gourmet Nut experience.
